

Happy Birthday!! For your birthday, made a donation of \$_____ to Achieve in Africa, Inc. on your behalf. Achieve in Africa is a nonprofit organization that builds classrooms and provides after-school learning programs in rural parts of Africa that are often overlooked. We believe education is the answer for solving poverty, hunger, and the AIDS epidemic in Africa. Through education, we hope to give children in Africa the opportunity to reach their full potential, lead better lives, and inspire future generations.

The donation made in your honor will be used to fund our current classroom construction projects in Tanzania. Through this gift, you are helping children receive a better education.

Building Classrooms.
Relationships.
Futures.
